

WINE LIST

People make wine, time makes wine.
And the time for Russian wines has come.

Our collection of Russian wines unites talented winemakers and the most progressive estates, whose wines are created as works of art only from their own grapes in certain areas of the Krasnodar Territory and Crimea.

New Russian wines are unusual, bright, and memorable in their style. Be it superbly crafted elegant sparkling or light, fine gastronomic whites, dignified rosés, everyday uncomplicated fresh and energetic, steel-aged reds or reds that are already emotional, rich, full-bodied, rounded, oak-aged.

Our wine list contains representatives from the "Top 50 best wineries in Russia 2025".

Wines from all over the world.

Our wine list contains over 50 exquisite wines, including wines from the Old and New Worlds. Here you can try both aged collection wines and well-recognized brands.

We store wine in special wine cabinets, which provide the ideal serving temperature for maximum enjoyment of the drink.
